

Ethical Issues and Professionalism in Clinical Practice: Foundations, Communication & Conflict Resolution

September 23-25, 2022
Seven Springs Mountain Resort
777 Water Wheel Drive
Champion, PA 15622

Target Audience: Physicians, Nurses, Social Workers, Pastoral Care, Psychologists, and other Health Care Professionals with an interest in healthcare ethics.

Overview: This annual conference is an intensive program in health care ethics, focusing on current and cutting-edge issues that arise in the health care environment today. It is aimed at providing health care professionals with the frameworks and skills needed to identify and address ethical issues and concerns surrounding professionalism within their clinical practice. A series of didactic and case-based presentations and discussions will be facilitated by prominent clinicians, bioethicists, and philosophers from the region.
